TNASI Chairman's Desk

Dear Colleagues,
Warm Greetings from Trichy!

It has been 10 years since TNASICON was held in Trichy. Our team is extremely happy and looking forward to host it again in the same premises where it was held before. The then Sangam Hotel where it was held before has been rejuvenated and rechristened as '**Courtyard by Marriott**' Tiruchirappalli, with five-star facilities for international conferences.

The event is meticulously planned for great academic sessions. The highlight is going to be the live workshop on 10th August 2023, which will have state-of-the-art technology in the field of surgery brought to you by experts in various surgical fields. This is the first time in the history of TNASI where the conference is going to be fully digital. Where all the PG's abstract submissions for poster & paper presentations will be done online. So, I request you all to come and enjoy the new-age conference of TNASICON 2023. Make it a grand success.
